Meeting Summary

1. **Introducing Dr. Tamara Green** – Dr. Green has joined the Baltimore City Health Department as our CMO.
2. **Dr. Letitia Dzirasa** summarized our achievements over the past year. Check them out in detail on the BCHD Annual Report.
3. **Workgroup Updates:**
   1. Diabetes Strategy
   2. City-Wide Care Coordination
   3. Social Determinants of Health

Shout-Outs and Resources

- BCHD LHIC – The LHIC website is live and can be found here.
- Powell Recovery Center – Powell Recovery Center provides same-day walk-in addictions and recovery treatment services at their 14 South Broadway location, as well as a biweekly mobile outreach unit.
- Mayor's Office of Immigrant Affairs (MIMA) – MIMA provides resources to immigrant and limited English proficiency populations across Baltimore. You can follow their Facebook page and WhatsApp group for more information.
- Johns Hopkins Diabetes Facebook Group – Follow the JHM Diabetes Prevention and Education Program on Facebook for resources and news related to Diabetes prevention and management.
- 4MyCity – 4MyCity provides food rescue to Baltimore residents.
- BCHD Division of Aging – The Division of Aging is launching a major Alzheimer's Disease and Related Dementias initiative funded by the Maryland Department of Health.
- Meals on Wheels – Meals on Wheels is able to connect information to older adults and work with food access, connecting with over 2,000 seniors in the Baltimore Metropolitan region.

Next Steps

- Want to join a workgroup? Does your organization collect social needs data that you can share with healthcare providers? Do you know of a community member who would be a good candidate for our Care Coordination focus groups? Reach out to Stephane Bertrand at stephane.bertrand2@baltimorecity.gov
- If you work with senior communities and would like to contribute to shrinking the digital divide for elders with diabetes, reach out to James MacGill at james.macgill@baltimorecity.gov
